## Notes to Editor

### About the league table

Now in its 13th year, The Sunday Times Virgin Fast Track 100 annual league table is compiled by Oxford-based research and events company Fast Track.

In addition to title sponsor Virgin Group, the league table is co-sponsored by HSBC, KPMG, and Royal Mail.

### League table criteria

Companies are ranked according to their annual growth rate in sales over the three financial years up to the companies' latest available accounts. The table excludes technology companies, which are featured in a separate league table, the Tech Track 100.

Companies had to be registered in the UK, unquoted and ultimate holding companies, not subsidiaries. Companies had to show an increase in sales from penultimate to latest year, and to forecast further sales growth.

The research was carried out by Fast Track between 1 August and 1 November 2009. All companies were interviewed by telephone, and many were visited by the Fast Track research team.
